

THE RIVIERA SPORT CRUISER COLLECTION

A UNIQUE SPORTING EXPERIENCE

When you embark on that first thrilling voyage aboard your new Riviera Sport Cruiser you'll cruise away secure in the knowledge that you have made the best possible choice – because no matter what model you choose, it will be a boat that comes with impeccable credentials.

Our Sport Cruisers have a quarter of a century of boat building heritage and today's models are an entirely new-generation featuring refreshing new design characteristics that benefit from the latest technology and manufacturing processes.

We're confident you'll feel at home with the stylish, contemporary interiors; that you'll appreciate the easy living that comes from being on such a well-appointed vessel; that you'll relish the sense of control at the ergonomically designed helm station and you'll love the exhilarating, agile performance of the new hull design.

The Riviera design philosophy is simple – it's all about getting more pleasure from your leisure time, and the new era Riviera Sport Cruisers are like no other sport cruiser.

And importantly, behind that sense of freedom and fun is the reassurance of having a rugged and reliable vessel. After all, your new cruiser is crafted by Australia's most-awarded pleasure boat manufacturer based at the-largest pleasure boat building facility in the Southern-Hemisphere.

Whether you're out at sea, racing across a harbour or anchored in some far away bay, every detail has been designed to make the good times even better.

Now all you have to do is decide which is your favourite-sport cruiser...

M360 SPORT CRUISER

THE M360 SPORT CRUISER, MADE FOR MAXIMUM PLEASURE

This is a thoroughly modern cruiser. From the bold, sculptured lines to the chic, apartment-like interior, the M360 is a boat that looks and functions in ways that meet a modern lifestyle.

Take the sense of space and light, the honey coloured timberwork, the contemporary fabrics and furnishings, the large single level cockpit with its huge U-shaped lounge, the wide side decks (with full bow rail) that lead to the expansive sun-kissed foredeck: everything exudes style, invites relaxation... and is just perfect for entertaining.

The creative use of space, both above and below decks, makes this boat ideal for day cruising with a large party or for many days and nights of blissful adventure and fun for up to four. The galley is designed to cater for both scenarios and little touches like a dynamic sound system and a second refrigerator in the cockpit help keep the party going.

Riviera's attention to detail is legendary. The depth of the cushions on the saloon lounge, the way the swim ladder folds away, the quality of the fittings in the bathroom and the generous storage and hanging space in the master stateroom may be small in themselves but they combine to create to a delightful sense of quality, comfort and convenience.

Of course, the M360 is also a very spirited vessel. The combination of standard twin multi-point fuel injected MerCruiser engines and an exceptionally sleek hull makes for a nimble and reassuringly stable ride.

If you believe in living life to the full, the M360 is custom made for you.

THE M400 SPORT CRUISER, RELAXATION MEETS EXHILARATION

If you like to play but prefer to do it in style, few vessels come close to the M400.

The first of our new era Sport Cruisers, this model boasts the best in outdoor entertaining with a huge, elegantly designed cockpit with contoured architecture and a comfortable lounge that easily accommodates nine. There's plenty of headroom under the hardtop, a large swim platform, a combination fridge/ice maker... and easy access to a first-class galley.

Set off with your family and friends, drop anchor in a secluded estuary. Light the barbecue on the swim platform and prepare some fresh fish... bliss!

And when you feel like a change of pace, the thoughtfully laid out helm station with its fingertip controls and spectacular driver view will truly inspire you.

Powered by twin diesel or petrol powerplants, you can look forward to thrilling top-end performance with a hull that's quick to plane and very responsive. To make docking a breeze you will appreciate the standard bowthruster – and to help you navigate your way to freedom, even the Raymarine 8" colour chart plotter is standard on the M400.

If you take your fun seriously, and if your fun is both sporty and relaxed, see your Riviera Dealer soon.

M400 SPORT CRUISER

THE INSIDE STORY ON THE M400

This model was the first to feature our new interior design style: the light and subtly contrasting timbers, the translucent door and cupboard panels, the lighter and brighter fabrics, the sliding doors, the more modern lounge... the overall effect is stunning and a real break from tradition.

The ambience is relaxed and friendly, it is easy to maintain and the overall ambience is one that fits the taste and lifestyle of modern couples and families.

The style may be new but the quality and finish is very much in the Riviera tradition. Only the best materials are used and the craftsmanship is as impressive as ever – study the stitching on the lounge, the cut and selection of the timber, the solid fit and feel of the cupboards, the design and quality of the fittings in the bathroom, the solid benchtop in the galley... as always we seek the perfect harmony of form and function and believe it has found a unique expression aboard the M400.

Because this is a boat designed and engineered for extended escapes, the accommodation is especially comfortable. The spacious stateroom features a refreshing décor, a large bed and generous storage space. And the three bed guest cabin is very accommodating.

Above or below decks, this is the most individual of Sport Cruisers, one that dares to be different. If that is also your style then maybe the boat you have been waiting for has finally been created.

ELECTRONICS

Electronics play an ever-increasing role in the pleasure, performance and safety of luxury boats, and the choice of equipment that is available today is vast. In fact, selecting the equipment that meets your needs can be a very challenging task. R Electronics is here to help: we source the best systems and products from around the world, we are experts at matching technology to individual requirements and work closely with Riviera's design team and Riviera's global Dealer Network to create systems that maximise your pleasure and safety.

BOATS THAT REFLECT A CULTURE OF QUALITY

Riviera is an Australian success story and a major international marketer of luxury pleasure boats. Our growth over more than 27 years has resulted in a company that today produces around 330 such vessels annually. We are also Australia's most awarded pleasure boat manufacturer.

The secret of our success is an absolute commitment to quality. Be it people and work practices, materials, tools and technology, environmental responsibility or after sales service, we are rigorous in pursuing the highest standards.

We employ around 1,200 craftspeople, consult with world-leading naval architects and engineers, and operate a world-class apprenticeship training program. Our employment and training practices have also earned us many local and national awards.

Riviera operate the largest luxury boat building facility in the Southern Hemisphere and boasts some of the most sophisticated technology.

The quality of our service is commensurate with the quality of our boats and is something we are passionate about. The experience of purchasing your Riviera, from the selection of the electronics and décor to the maintenance, repairs and refits will all be carried out reliably, promptly and smoothly. In fact, you can count on us, and our global Dealer Network, for the life of your boat.

It is this consistent quality that has created Riviera's enormous and ever-growing international appeal.

Today we have dealerships in over 30 countries and, due to our success in the USA, we also have a team and headquarters in Florida.

A sensational and growing choice of vessels, an impeccable pedigree, excellent value and outstanding service: now more than ever, Riviera's reputation for quality with integrity inspires confidence in boating enthusiasts the world over.

STYLE

A passion for quality and good design steers everything we do at Riviera — and that is reflected in our exclusive range of clothing, accessories and decor items. If you love your Riviera, you'll feel at home with the Riviera collection: casual yet stylish, comfortable, practical and made to withstand the rigours of boating life. You'll find extensive use of natural fibres, including 100% cotton, quality zippers and first-class workmanship in details such as contrast stitching.

The accessory and decor collection ranges from a watch that can weather the storm to stylish crockery. Riviera has the total leisure and style solution.

INTERIORS

To make your boat truly your own, we offer a wide choice of fabrics, finishes and color schemes that allow you to customise your Riviera. Of course, we also have experienced designers who can advise and assist with your individual selection.

It is a real pleasure to own and use things that are aesthetically pleasing, work well and last — and because it is only appropriate that such qualities are found on board a Riviera, we supervise each individual interior scheme from creation to installation.

The Riviera Group Warranty

Riviera Marine (INT) Pty Limited warrants to the first retail purchaser during the periods herein that it will, subject to the terms and conditions in the full Riviera Group Warranty, replace or repair, at its option, defects caused by faulty workmanship or materials under normal use and service during the first twelve (12) months and (5) years for hull structure. Please refer to your Riviera Owner's Manual and your Riviera Dealer for full details of the comprehensive Warranty.

Due to The Riviera Group's commitment to continually improve our products, we reserve the right to modify or change, without notice, any materials, specifications, equipment and/or accessories. All measurements quoted are approximate and pictures displayed are indicative only.

Riviera Marine (INT) Pty Limited is the owner of the copyright material (including the photographic material) contained in this brochure and any reproduction of any part thereof without the express licence of Riviera Marine (INT) Pty Limited may infringe this right.

The Riviera Group Clarification of Specification

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts, (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner-without-affecting the structural integrity of the craft, eg. pulpits, outdrives, diving platforms, rubbing strakes.

** Dry weight represents the estimated minimum weight of a boat with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes nett tank capacity. For usable capacity do not rely on more than 90% of tank capacity. Actual usable capacity will vary according to boat trim and sea state.

Speeds are subject to normal weather conditions, fuel and or water levels, passengers and equipment loads.

Refer to your Riviera Owner's Manual and your Dealer for height to hardtop and maximum height details.

The specifications in this document are not complete or definitive and are subject to change without notice and therefore may not be current.

Riviera Marine (INT) Pty Ltd will not be liable (in contract, tort or otherwise) for any loss resulting from the inaccuracy of any information contained in this document.

Warnings

The Riviera Group is committed to building the best luxury cruisers, tailored to suit specific countries and their individual compliance laws and regulations. Riviera equipment and build specifications approved for one country may not be compliant with another country's safety and equipment regulations and as such those cruisers may have no recourse to The Riviera Group's extensive manufacturer's warranties.

Each Country and State has different safety equipment standards. It is important that you ensure the requirements in your jurisdiction are met prior to the vessel being used.
